

Combined Braking system

for electric 2 - wheeler

FREGIT BRAKES Pvt. Ltd.

Fregit brakes Pvt. Ltd. is one of the India's leading Manufacturer and supplier of high-performance braking system. We produce braking system for all electric 2-wheeler which is mandatory for qualifying government incentive with 100% localization. This brake system conforms to ARAI standard and design to meet the all 2-wheeler Braking Requirement

Our braking system designed for lesser stopping distance and better stability during deceleration so we ensure the safe ride. We design and manufactured the floating type caliper for rapid application of brakes. We understand our responsibility towards our customers as a reliable partner in delivering products as per the International Quality Standards.

We provide best solution to our customer that satisfy their needs.
